

Motorola DP2600

Mobile Radio

The Motorola DP2600 offers best-in-class audio in a scalable solution to your demanding communication needs. Intelligent Audio and voice announcement features enable easy communication in difficult work environments. A crystal-clear black and white screen makes menu navigation and accessing contacts easy. It's also analogue interoperable, enabling you to make the transition to digital at your own pace, all at a value that stands up to the competition.
